

Language Service:

Document Translation

What we offer

Tech-enabled language services for agile, scalable translation. Lingotek Language Services use our industry-leading, cloud-based translation management system (TMS), connectors, and a desktop filesystem connector to deliver document translation that is faster, cost effective, and more accurate than traditional translation services.

Translation Services

- Translation of any file type into 250+ languages.
- Ability to translate millions of words each month.
- Project scoping: Volume, frequency, & word counts.
- Content analysis to assess precise word counts.
- Complete word count analysis in 24-48 hours.
- Quality level assessment and workflow options.
- Internal/external resource allocation.
- Calculate the number of linguists needed based on quantities & deadlines.
- Scalability to any volume level.
- Completely automated content transfer.
- Expert file preparation to protect files when importing/exporting.
- Style guide & glossary collaboration.
- Continuous translation and delivery.
- Coordination of internal reviewers & update requests.
- Query response and post-project feedback.

Industry Expertise

Our customers include enterprises, government agencies, and Fortune 500 companies in a variety of industries, including: Adobe, Bosch, The Library of Congress, etc.

Translation Delivery

Professional (Human) Translation:

- 1,500 – 2,000 words per day, per linguist for translation
- 5,000 – 7,000 words per day, per linguist, for review
- 8,000 words per day, per linguist for in-context review

Machine Translation + Post-editing

- 3,500 – 5,000 words per day, per linguist for post-editing
- 5,000 – 7,000 words per day, per linguist, for review
- 8,000 words per day, per linguist for in-context review

Leading Localization Tools

Lingotek's translation management system (TMS) and Lingotek - Inside Connectors offer all the functionality of a computer-assisted translation (CAT) tool with the real-time status collaboration and reporting and in a cloud environment for greater project efficiency and integration.

Lingotek - Inside Connectors offer out-of-the-box integrations with your most popular web applications. Completely automated content transfer is 75% faster than manually importing and exporting content. By rebuilding multilingual content inside your system, Lingotek enables seamless integration and greater operational efficiency.
